 - b. *If no placement is secured:* The Co-Op Placement Partner will assist the student in finding a placement to ensure that they can start their Co-Op on time.

 - d. *If a student has their self-placement approved, but during the placement, VGC finds out that their job no longer meets the objectives of the program:* The student will be asked to find another job or will be dismissed from the Co-Op portion of the program with no refund.

6. **Interviews Organized by the Co-Op Placement Partner:** The Co-Op Placement Partner will provide an interview for all Co-Op students that did not secure a Co-Op position through self-placement at least 4 weeks prior to their Co-Op start date.
 - a. *If a student is successful at the interview:* The Co-Op Placement Partner advises the Co-Op Coordinator at VGC of the placement dates and prepares the Co-Op Agreement & Training Plan. See point seven (7) for more information.

 - i. The student will not be eligible for a refund of the Co-Op Fee.
 - ii. The student will receive a Diploma Certificate for the study portion of their program.
 - c. *A student fails a course during the interview process or once they have accepted a job offer:* The Co-Op placement will be cancelled.
 - i. The student will not be eligible for a refund of the Co-Op fee.
 - ii. The student will not receive a Diploma Certificate for the study portion of their program. The student may be eligible to receive a certificate(s) for the course(s) the student already completed.

7. **Co-Op Agreement and Training Plan:** The Co-Op Placement Partner will prepare the agreement once the student has accepted a job offer that fulfills the program requirements. The agreement will detail the responsibilities the host and the student will undertake during the Co-Op placement. The agreement will take effect once it is signed by the host organization, the student and the Co-Op Coordinator. Copies of the documents are placed in the student's file and the student is given the original documents to deliver to the host organization.

8. **Following up during the Co-Op placement:** Once the student has started the Co-Op, VGC, through the Co-Op Placement Partner, plans a contact schedule with the student and the host. It will include monthly reports that a student must fill out via an online reporting system and via phone calls to the placement host every other month throughout the Co-Op (results to be documented). The student will be provided with at least one written evaluation in relation to the Co-Op placement. VGC will monitor the student during the work experience by reviewing:
 - a. On the last business day of each month whether or not the student is attending the Co-Op, the number of hours they have worked, and any issues related to the placement. This monitoring is done via an online report.
 - b. On the last business day of each month, whether or not the student is meeting the learning objectives of the program via an online report.
 - c. Mid-way through the Co-Op placement, VGC will check in with the host to check the student's progress. At this point VGC, through the Co-Op Placement Partner, will verify the number of hours per week the student is working and confirm that the student is meeting the learning objectives of the program. This monitoring is done via phone call(s) or in person visit(s) if necessary.

9. **End of Assessment:** At the end of the Co-Op placement, VGC, through its Co-Op Placement Partner, contacts the placement host and the student to conduct an assessment of the student's performance throughout the Co-Op placement. The assessment is designed to evaluate the student's performance at the placement site, and the skills learned after the completion of the study portion of the program. The completed assessment and a Co-Op Placement Joint Evaluation Form are signed by the Co-Op Coordinator and the Co-Op placement host. A copy of the assessment is given to the Co-Op placement host and the student. The original assessment is saved in the student's file.
10. **Attendance Expectation:** The attendance expectation during the Co-Op placement is from 80% to 100%. If the student is unable to attend work due to personal reasons, they must notify their placement host and follow the guidelines provided by them.
11. **Communication:** Your Work Permit and Study Permit are reliant on being a VGC student and we expect you to answer all communication by email within 24 hours to either VGC or the Co-Op Work Placement Partner. Failure to communicate can have serious repercussions on your program and may lead to dismissal from the program.
12. **Minimum Passing Mark:** The student needs to collect a minimum of 80% of the total duration of 540 hours in order to complete Co-Op.
13. **Insurance:** All students must have the necessary insurance coverage while completing the Co-Op placement.
14. **Work Accidents:** As per Work Safe BC guidelines, all work-related accidents or accidents at the place of employment have to be reported to Work Safe BC within 72 hours of occurrence and proper documents need to be completed by the student.
 - a. *Documentation:* Co-Op students should inform the Co-Op Coordinator or the Co-Op Placement Partner immediately of any accident at the work place however minor it may seem. A copy of Work Safe BC documents should be filed with the Co-Op placement paperwork.
15. **Vacations and Leaves of Absence:** Students are expected to start their Co-Op within one week after completion of their study portion of the program. Vacations are not permitted during the entirety of the Co-Op placement, unless in the event of a personal or family emergency. In the event of an emergency, the student must provide the Co-Op Placement Partner with well-documented evidence that would allow VGC to evaluate the situation.
