Co-Op students can get hands-on experience in a Canadian company, allowing them to apply their skills to real-world work settings. The diversity of our classes also prepares students to work in international environments.

To apply for our business programs, students must demonstrate English proficiency by successfully completing VGC's Intermediate University Preparation Program or by submitting results from an accepted standardized test. Full details can be found on the program pages.

### Take Your Learning Beyond the Classroom with Co-Op.

At VGC International College, we offer three dynamic diploma programs: Diploma in Business Communications, Diploma in Managing Customer Relationships, and our Diploma in Applied Communications. Each of these programs can be enhanced with an optional Co-Op experience, giving students the opportunity to apply their classroom learning in a real-world work setting.

With Co-Op durations ranging from six to twelve months depending on the program, students gain invaluable professional experience, paving the way for success in the global job market.

#### Work Experience Tailored to Your Goals

The paid Co-Op work experience is an important part of your program, designed to help you bridge the gap between theory and practice.

This experience allows students to apply classroom lessons in a variety of real-world work settings while developing key skills for future success.

During the academic portion of the program, Co-Op students will participate in a four-week Job Search course. This tailored course prepares you for success by teaching you how to:

- Research employment opportunities in Canada.
- Build a professional image and craft an impressive resume.
- Understand your strengths and areas for improvement.
- Master interview techniques and workplace communication.

You will work with a Co-Op Coordinator to find suitable work opportunities and be assessed to successfully complete your Co-Op Program.

After completing your Co-Op, you will complete your learning experience with a two-week Capstone project designed to reflect on your professional experience.

#### Why Choose a Co-Op Program in Canada?

- **Build Canadian Work Experience:** Gain firsthand knowledge of the Canadian workplace, including its culture, expectations, and professional standards.
- **Expand Your Network:** Meet industry professionals and build connections for your future career.
- **Enhance Your Resume:** Stand out in the global job market with practical experience from a Canadian company.
- **Paid Learning Experience:** Through the paid Co-Op, you can support yourself while gaining hands-on experience in a Canadian work environment.
